

Ivane Javakishvili Tbilisi State University

Faculty of Medicine

Dear students,

how satisfied are you with the teaching process of the 3rd year courses on the medical program?
Your opinion is very important for us! Your comments will be considered in the developing process of medical program.

The survey is anonymous.

Thank you for your cooperation and your contribution to the development of the Medicine Program!

Use 5-point scale during the evaluation the courses: 1 is the lowest score, 5 is the maximum score.

Statement	1	2	3	4	5
The course load (reading literature and assignments) was proportional to the amount of credit					
Propedeutics of Internal Diseases					
Pathology					
Pharmacology					
Medical Radiology					
General Surgery					
Basics of Clinical Reasoning					
Research Skills 3					
Clinical Skills 3					
The lecturer created a student-oriented learning environment
