Summer Programs

SARAH LAWRENCE COLLEGE

EXPLORE. CREATE. DISCOVER WHAT'S NEXT.

Writers Week

A one-week creative writing and theatre immersion that strengthens students' voices and expands their creative expression through interactive workshops.

Painting From Poetry

A unique three-week, college-level inter-disciplinary studio experience where young artists build portfolio-ready work inspired by poetry they write.

Hudson River Ecology

A one-week, hands-on environmental science program centered on fieldwork, lab studies, and exploring the Hudson River ecosystem.

Young Writers Studio

An intensive one-week genre-writing workshop where students hone their craft, develop their ideas, and collaborate with peers and mentors.

Rising Artists Musical Theater

An intensive prpogram for students who want serious training in acting, vocal performance, and dance in a college setting.

Science Research: Methods & Ethics

A two-week program students work directly with faculty to design and engage with an authentic research project in the discipline that interests them most.
