EDUCATIONAL INNOVATION AND LEADERSHIP

TALLINN UNIVERSITY
School of Educational Sciences

Estonia has transformed its educational system to one of the most advanced ones in the world being a role model for digital education. Estonian pupils ranked first in the PISA 2018 results among the European countries in all three domains and fifth among the OECD countries.

Tallinn University has been the leading teacher-education institution in Estonia since 1919. Our academic staff consist of the top leaders in education, who have helped to design the current educational system at school's and state level.
